Gently slide all loops off needle. *Insert hook into the number of loops called for in pattern, yarn over, draw loop through the center of the loop-grouping and ch on hook, work stitches called for in the pattern into the loop-group, rep from * until all loops have been gathered. The number of stitches completed in STEP 2 should equal the number of loops completed on Row or Rnd 1.

FINISHING INSTRUCTION

Tighten up sliding loop and weave in ends with tapestry needle.

Block if desired. Taking time to block your finished piece will enhance the project by opening up the stitch pattern, evening out lacework and creating straight, even edges, especially as your tension naturally loosens and tightens as you crochet.
